My dear Christopher,

Ordination of Women to the Priesthood

Many thanks for your letter of the 11th August and the draft of your intended reply from the Archbishop of Canterbury to Mgr. Moeller. I am fully in agreement with this and that there should be emphasis on the point made by the Archbishop in his February letter.

Thank you too for the copy (Misc 53) of the report of what the Archbishop said on this subject to General Synod. I am very glad to have a record of all this and certainly some of the information recorded there, including a letter which I think refers to me had not reached here!

With all best wishes,

Yours ever,

*John.*
