

CJH/AFT

28th June 1978

You will be happy to learn that Bishop Howe is going to incorporate the Secretariat's suggested phrase in his covering letter to Primates. He will further adapt the paragraph on the Lambeth Conference to allow for the possibility of Bishop Daly making a Secretariat comment. Naturally you will be as relieved as I am that we now seem to have satisfactorily resolved this somewhat delicate problem.

I shall be sending copies of Bishop Howe's letter, the printed copies of the Report, copies of my letter to Anglican members of the Consultation and copies of the remaining Minutes next week.

No doubt you will let me know the Secretariat's thoughts on the publication of the Common Evangelism letters and on a Papal greeting to the Lambeth Conference in due time.

Warm greetings,

The Rt.Revd. Mgr. William Purdy,
Vatican Secretariat for Promoting Christian Unity,
